Previous Report Showed \$55,777,-527 for Local Clearing Association-Combined Statement for Atl Federal Reserve Banks in Country.

Local bank clearings experienced a slight fall last week, as compared with the two preceding weeks. The clearings at the Richmond Clearings Association last week were \$51,575,000. For the corresponding week in 1917 they were but \$37,250,000. This indicates that the weekly clearings of 1918 during the summer and fall have maintained somewhat the same advance over the same periods during 1917. The clearings the preceding week were \$55,777,527, and for the previous week they were \$55,777,527, and for the previous week they were \$55,389,069.08. participate in two loan rallies and demonstrations staged during the afternoon.

Special shows were given at the Foundation Co., and the United States Housing Corporation's properties. About forty vaudeville artists, many of them well known, gave a show which will be long remembered by the workers at these two plants. The entertainments included singing and dancing and Liberty loan speeches by W. T. Dabhey, Norman H. Johnson, Alvin M. Smith and Henry Schwarzschild.

The show was brought back to Richmond late in the afternoon and was given on Broad Street, the Camp Lee band and a local orchestra furnishing the music for the demonstrations.

More than \$100,000 was raised at the entertainment in the Richmond Hotel last night, while a similar amount of bonds were sold at the Broad Street celebration, which was attended by several thousand people. Miller & Rhoads gave away \$500 worth of bonds at the meeting to stimulate sales. The first prize of \$300 was won by R. L. Napier, 222 South Third Street; the second of \$150 was won by the Cohen Company, who bought \$4,000 additional in bonds during the evening, and the third prize of \$50 was awarded to John R. Cassell, 29 North Thirty-third Street.

Sales on the streets of Richmond vesterday and last night continued heavy, according to incomplete figures last night. Members of the Richmond Police Department, who have worked since the early days of the campaign, also reported many subscriptions which materially swelled their total. It was impossible to obtain reports last night on the bond sales by the various organizations, but these will be tabulated early this week.

In the third Liberty loan the county

had subscribed \$444,550.

In the third Liberty loan the county was only given credit for \$23,000 on an \$96,000 allotment, due partially to the fact that a great many citizens subscribed in Richmond and Petersburg and did not give the county the credit due it. The fourth Liberty loan committee determined to prevent a repetition of this, and the day before the campaign opened had a request in every letter box in the county that the owner subscribe and also see that his subscription went to the county's credit.

Tieing Up Dollars That Should Be Fighting?

> DQLLARS are just as necessary as men, if we are to have victory soon. We must have dollars for ships, for guns, for munitions, for uniforms, for airplanes.

> But how can Richmond do its full measure of war work when you and others have thousands of dollars TIED UP in slowpay accounts?

The U.S. Government has said to the merchant: "You must release those dollars for war work."

# So the Merchant MUST Say to You:

"You should help us: Pay cash or pay up monthly. Pay all your bills as soon as possible, and keep them paid up IN FULL every month-or, still better, PAY CASH."
